SILK TOWERS

BY KENGO KUMA & ASSOCIATES

Architect

Kengo Kuma & Associates

Project Type

Mixed-use development - Residential, Hospitality, Commercial

Developer

Silk Development

Location

Seafront, Batumi, Georgia – At the meeting point of the seaside promenade and Old Batumi

Project Description

Silk Towers, an iconic development designed by the renowned Kengo Kuma and Associates, is poised to redefine luxury living and global travel in Batumi. Located on the city's last available seafront plot, this visionary project combines elegant residences, world-class hospitality, and dynamic lifestyle offerings in one of the most coveted coastal settings.

Envisioned as a "city within a city," Silk Towers will feature the region's largest casino, a 20,000 m² municipal park, three high-end nightclubs, three boutique wineries, a luxury retail gallery, and an array of premium amenities, all designed to deliver an unmatched urban-resort experience.
